Education

John A. Rowland High School | Rowland Heights, CA

High School Diploma | 2019 - 2023

- Involvement: Engineering Club Publicity | 2021-2022, Engineering Club Vice President | 2022-2023

Mt. San Antonio College | Walnut, CA

Transfer | 2022 - 2026

- Involvement: Engineering Club ICC Rep and Engineering Club Social Media Manager | 2023-2024
- Relevant Coursework: Calculus (I-III), Physics (I-III), Statics, Material Properties, Differential Equations.

University of California, Riverside | Riverside, CA

B.S. Mechanical Engineering | 2026 - Present

Professional Experiences

Power Tech Engineers Inc. | Intern

December 2022 - March 2023

- Assisted engineers with AutoCAD drafting and review of circuit layouts and technical drawings, applying engineering standards and drafting practices.
- Collaborated with engineers and project teams on technical tasks, project workflows, and documentation.

Lifetastic Learning Inc. | Lead Instructor

June 2023 - May 2026

- Supported children through individualized educational strategies while collaborating with RBTs, BCBAs, parents, and coworkers.
- Led STEM activities including LEGO, coding, and robotics, while coordinating daily activities and fostering teamwork, problem-solving, and technical skills.

Projects

Folding Knife Fabrication Project

- Designed folding knife components and a liner-lock mechanism in SOLIDWORKS, applying dimensional tolerances to achieve proper fit, alignment, and smooth operation.
- Hand-fabricated components from 1084 carbon steel using power tools for stock removal, profiling, beveling, and finishing.
- Performed heat treatment, quenching, and tempering of 1084 steel to achieve desired hardness and mechanical properties.

Awards and Certificates

SkillsUSA California Regional Competition - Bronze Medalist, Additive Manufacturing | 2022

SkillsUSA California Regional Competition - Bronze Medalist, Technical Drafting | 2023

SkillsUSA California State Competition - Bronze Medalist, Technical Drafting | 2023

SOLIDWORKS CSWP | 2026

Skills

CAD: SOLIDWORKS, Fusion 360, AutoCAD, Onshape

Engineering: 3D Modeling, Mechanical Design, Materials Testing, 3D Printing, Power Tools

Programming: MATLAB, Python, C++

Language: Mandarin Chinese
